Results from the Fall 2018 ARC Reviews
Assessment Review Process

- ARC = Assessment Review Committee
- Each college, school or division has an ARC.
- One of the main tasks of the ARC is to provide feedback to units on their annual assessment reports.
- ARCs decide if they will review all or a portion of the reports in their area. Must review at least half of the reports each year.
In Fall 2018, 191 assessment reports were reviewed by ARCs.
- 143 Educational Programs
- 48 Support Units
- 20% of the units did not need to make changes to their report based on the ARC review.
- 61% of units made changes to their report based on the ARC review.
- Educational programs that had at least 50% of the rubric items scored as “No” (not meeting rubric criteria) were invited to a workshop that focused on annual assessment reporting.
