### a. Pedagogical / Curriculum

Planned Action # 1:					
The different units involved in this assessment will work on developing MoAs that better align with the SLOs during Spring 2021. These new MoAs will be based on closed-ended artifacts, similar across disciplines, and will have enough questions to allow for a meaningful statistical analysis and to allow comparisons across departments. Individual departmental actions may be developed as results of the analysis of the results but not necessarily as part of the General Education Program.

Six Departments (Anthropology, Economics, History, Political Science, Psychology, and Sociology) developed MoAs that better align with the SLOs in Spring 2021. The Geography department did not develop MoA due to a change in leadership.					

### a. Other Areas

Planned Action # 2					
As all 1000 level courses in History have been changed from Social Sciences to Humanities, the History department would like to participate in the Humanities area assessment only.
